

Friday March 13, 1981

First Oriole 1:10 - not #1 or Most B  
bell color adult male - they both have several sons

Sing in Acacia - eat back side

could just die - no film left

wild weather wind - sun - dark  
hailed at 12:40 - sun out again 12:30

everyone just sit and eat - wrens, tit mice,  
yellow bird have rough time with  
mob of sparrows - was leaning out  
window, take pics <sup>(125)</sup> yellow bird <sup>cause</sup> almost  
time for him to go - then Jeanne in  
20 til one and lots big pidgies came on  
tray - took pics with flash and forgot  
to turn back to 60 and used up film

2:20  
part of her you left  
Nancy play songs -  
Ref on 1 sparrow's singing tape  
336 on  
+0  
312

all morning think intermittently name Ogden  
Valley? - ~~Fillmore~~  
actually has occurred for two days

Riverside  
near Lake Evans?  
Ogden Valley

non thermal, also Sunland
