

WHO - WHERE (SIGN & SURROUNDINGS) - WHEN (DATE & TIME)

BE SURE TO SPECIFY STREET, ROAD, AVENUE, BOULEVARD, LANE, COURT, ETC.  
ST. RD. AVE. BLVD. LN. CT

1-25-81 SUNDAY TETA MICH I probably reconnoissance flight ahead of family

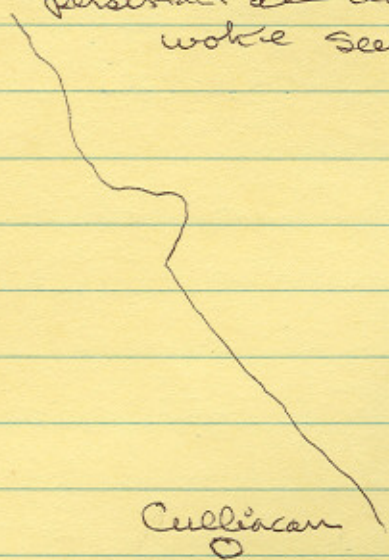

tiero = Tierra Blanca

1-31-81 SATURDAY tamatio or tito = Batamotita may have been FROM 1-30-81

Los Modos

woke Fri. 30 seeing map  
persistent all day -  
woke seeing same Sat. 31

LOS MODOS

GUIRICOBA  
Guiricoba

Oct. 20th E?   
CUNYMAN

Feathers

Culliacan

our 5 in house have all been moulting for 2 weeks  
Pefie has middle of a new tail only half way  
Yellow Bird Sr. (he eats worms) and Jr. started  
bringing young ones to feeder Sun. 25 - they are  
fuzzy - spots of new smooth feathers showing through

Weather

Dr. Dege showed big rain storm across northern Mexico  
before ours came - probably Mon-Tues 26, 27
