

TUESDAY APRIL 7, 1981

Tuesday - April 7 - dark, cold, foggy

Offshore T-20 meets Catalina Eddie's "Dr. George"
Sat. Sun. Mon. were in high 80's (they cowbird back Sat.)
feel our 2nd set Orioles were Fillmore and closer

Most B. left early (after ate about 7:00 AM) Olga here
One Son also gone all day - Yuri's wife taking
palm near feeder late

Wed. 8 - 10:15 starting to clear
no male but Yuri and Bullock's ones here
Yuri extremely nervous - almost impossible
to photograph Olga here
tit mice been feeding babies two days
back tits taking nest stuff

Know middle girl's husband - cowbird's uncle
that hangs upside down is near
expect him and Golden Girl's - Littlest Girl's husband
and more - one maybe by noon today - doubt
others tomorrow - women, children on weekend

(arm-hand pain so acute can hardly write)
Sparrows are awful - will call doctor when they leave
- worms didn't come

Noon

One more - last - word "Orcut" - S.P.

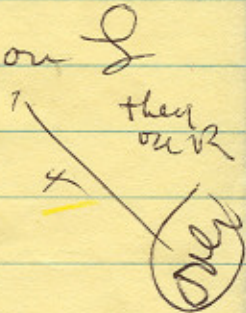

Canyon? - dirt or poor road?

maybe son ranch or house on I

clearing - little sun

made sign, wash windows

but don't really expect till tomorrow

You're very noisy - carrying worms to soulou
but wife with him

(bald strip
one less 2:45
no flah
olga
just of 2)

Noon

One more - last - word "Orcut" - S.P.

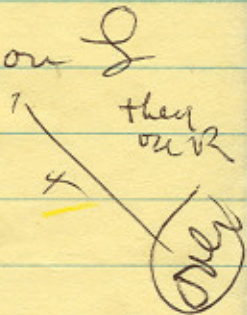

Canyon? - dirt or poor road?

maybe some ranch or house on I

clearing - little sun

made sign, wash windows

but don't really expect till tomorrow

Yuri very noisy - carrying worms to someone
but wife with him

(bald strip
one less 2:45
no flah
olga
just of 2)

3:40 in after chickens
there is a Texaco somewhere near SP
Small - stored, not filling station

we have lots of birds out there
this is main - biggest bunch

Yuri sure staying right over house
very noisy

Edgar A - flew into pepper tree over feed cans
never saw do that before

p. 31 - TEXICO ROAD (Fill more) VENTURA

p. 29 - ORCUTT ROAD then turns into ORCUTT CANYON ROAD VENTURA
