9:30 AM Feb 25 - Cold, grey day here news says Arizona warm and sunny

I am feeding sparrow - I know that Yuri is flying in front of his brother - Most Beautiful is not with them - hot tears run down - the Five Star General has indeed turned over command - last night son counted - he led the flight 2 PER YEAR FOR 6 YEARS (12) times. Nancy plays - "if ever - it wouldn't be in springtime knowing how you love it so summer winter or fall no never will I leave you at all" - then Aegias song she is a beacon for them
