12:30 Sat

Out in sun for few minutes
Terry's. Said will be gone tomorrow
Say looking at Miss Piggy's 5 yr old nest
when I called her that in '78 hadn't heard of
namesake or dreamed she'd be an international
sex symbol, author in top ten above Carl Sagan

thinking about Bill Harrison — there is
another binder Harrison — father? brother?
think (why don't know) Sybil — father "Dewey"
brother "Ralph" — that's it — like charades
wasn't there a long ago Hal T. or is that
something else?
a broken link is stuck in a live one
right over phone line into house

About 10:30 I think one of Olga's is in
O'Neil area
