way back
X somewhere near
Hermosillo
sign "Cerro Cuevas" keeps
bugging me

Still think #1 grandson is 1st - but
#1 son and Yuri and others close

are at another Coyote - mtw creek or river
area - rather like home

goes this way - probably last
real good rest stop before border
it is fast detour - but Quitova
probably till Thurs. farther

I do not permit myself to think about
Most Beautiful - even now I cry in case he
isn't there - keep reminding myself they are
all him - new embodiments of everything
wonderful about him - yet I do not
feel he is dead - he has more important
work to do with the vast colony of children
to protect and guide and school

Mario is in front — they are following rivers
and streams through more mountainous ^(mountain) wood
areas than Oga Cuides

I think he is near Paviacora? by Sonora river
✱

farther back there is M^l Rosario
River M^l Santos
