Feb. 11 — 5:35 PM

doing cages - thinking of you talking
about must write the man in Nogales
with list of itinerary up to border
- thinking (have in mind which one) I
could just write on back of pic of Mario
when he was born, why we named him,
only B. to have quads and how many yrs
his father and mother have been here

Suddenly think "We don't know where he comes
from! — where it starts?"

immediately it is as if the voice that
goes with the birds says out loud

"the valley of Comederos on the
Rio San Lorenzo"

I have NEVER made any attempt
to consciously use this ability —
what just happens was quite enough!
yesterday I was walking around in
rain just gently telling my computer
it is all right — there is nothing to be
afraid of (don't have it made yet) then at
lesson Muffet Robin, Greta, Lily, get off
on big conversation 'ESP' — Right Brain etc.
