

Sat. Aug. 13 - 11:30 (Sylvia all night) 1983

(writing mother B. stuff tires me in I guess
- very tired)

My Biggest - Faith and children. Left Aug. 1
also Jules - Jules came back Wed. 3 -
took his next morning - he is staying
with M.B. who brought him home in March
rather than over father

think that today - M.B. - Faith children <sup>(much older
than Jules's
children)</sup>
short while ago have reached Sini

~~golf~~

streets like chocolate and ^(must be hungry) Micro-
- (not right but something similar
- just too tired, can't get)

there is some sign between Fillmore - Sini
"Happy Camp" as for as Jules been

believe 194 leaders who left July 26
have reached Starlight - Wildwood area
Lockheed Dr.?

(yeah -)
not pretty name
