DESIGN OF RESIDENTIAL, COMMERCIAL & INDUSTRIAL BLDGS. & STRUCTURES • ENGINEERING CONSULTING SERVICE

Jan. 9, '83 cont (3)

Olga is alive — tired
like her mother long ago
— but as always she
accepts what must be
done — last year's children
and grandchildren need
their next lessons etc —
— only very bad weather
will beat her — I will know
if it does — I must go
put a sprinkler on tobacco tree
