Sun. March 13, '83 — 11:00

Cold, dark, gloomy like yesterday
events of day have been distressing
felt when woke # One Grandson
was back near Willmore —
another male with him —
think is his son — they are close
and friendly — believe great grandson
will be stationed there while
father one more goes back —
Will Song's daughter Kathy Sushko
is live on music station — I
am doing usual work thinking
much of all our birds with
great concern — I try to
talk to Most B. on Voice for news
