11:30 AM — must take a minute to write this
— so much has gone by that I haven't
been aware all fast week someone is getting
close to home — told you at 9:00 our Lions
and Lambs were traveling together — must try
to pick up who's on first — KMPC PD playing
whole bunch of my "whereyou" songs in a row was
perhaps helpful — it's brilliant orange —
it's Griffith Park — about 10:30 aware of name
"Intervale" — creepy! unpleasant — Vale in Latin
is end — goodbye forever etc. — think is st. ^{this way}
