Concerning Mario and all

I had forgotten early last week
prob. Mon. - Tues. - Wed. kept
thinking funny word — was a
very hard week — several unpleasant
things happen — much work to be done etc.

word is Samuel or Samui

— do not think it is a town

— canyon, mountain, river or

something — they were in mountain

area — believe it rained — pine trees

might be word pine — hoped

they were cutting thru somewhere

to go back way came but today

there is big sign for Home of Tecate

World's Finest Beer — (may not be
exactly right)

(only border place I know is Tijuana
and it's AWFUL)
