Larkridge?

think is mother whey you

Nov. 5 - Noon

Sitting at table putting  
new elastic in leotard  
thinking how Pef showed  
great preference for  
Perry Como when she first  
started singing as a baby  
(still does) — in seconds

Dick Bailey plays a Como  
record (I knew what he was  
going to play next?) she  
and Robin both start singing  
immediately — long ago *DM*

when she was singing  
along with him you  
said "Who's your all  
time favorite entertainer?"  
Surprised - no thinking  
necessary - I answered  
"Perry Como" - you  
shrugged and said  
"She gets it from your  
mind" —————

the process is somehow more  
than a two-way street
