8:30 PM

Last night and early today only ^{B's} oldest quad MW - Bumpy
(best singer) and one that looks like Mario were here
— tonight they are gone and all the other H's (My Request
was extremely nervous for 2 days) — all the young and
2 y olds still here
(Faith staying constant with him)

I cry — immediately start thinking "Agnew" over
and over — all I can pick up in middle of work is :

school | sand
| can
_____ agnew 57

_____ RR track —
_____ arroyo *think little
park in here somewhere*

Sovell Cemetery
| other horse words
? Park — its' Ranch
or something like
